

Commercial Rebates

Hawai'i Energy

Hawai'i Energy makes it easy to implement your projects quick. We help you identify energy-saving opportunities and provide attractive financial incentives that significantly offset costs, reduce payback periods and positively impact your bottom line. To get started, call us at **839-8880** (Oahu) or **1-877-231-8222** (toll-free neighbor islands), or visit our website at <https://hawaiienergy.com/for-business>.

PLEASE NOTE: Most incentives have specific requirements—reference Hawai'i Energy worksheets and reach out for questions. All incentives require a completed and signed application, relevant worksheets, product specifications and project invoices. All documents can be submitted via email to HawaiiEnergy@leidos.com.

Appliances & Electronics

Vending Machine Energy Control System	Incentive Per Unit
Vending Machine Sensor on refrigerated units	\$50

Audits & Retro-Commissioning

Requires pre-approval and must meet other Program requirements, see corresponding Rules & Requirements for details.

Energy Audits & Energy Studies	Incentive
ASHRAE Level 2 Audit	\$0.05 per sq. ft. of the audited facility up to \$15,000, capped at 75% of the audit cost. Additional 15% rebate applied to projects identified in audit and implemented within 2 years of audit completion.
ASHRAE Level 3 Audit	\$0.10 per sq. ft. of the audited facility up to \$25,000, capped at 75% of the audit cost. Additional 15% rebate applied to projects identified in audit and implemented within 2 years of audit completion.
Re-Commissioning & Retro-Commissioning	Incentive
Re- or Retro-Commissioning	\$0.20 per sq. ft. of the commissioned facility up to \$30,000, capped at 50% of the Re-or Retro-Commissioning cost. Additional \$0.08 per kWh saved in the first year + \$125 per kW saved between 5 to 9pm.

Building Envelope

Window Film	Incentive Per Square Foot
New installation of window film on east-, west-, or south-facing windows of a conditioned space	\$0.85
Replacement window film on east-, west-, or south-facing windows of a conditioned space	\$0.43

Commercial Kitchen Equipment

ENERGY STAR® Commercial Kitchen Equipment	Incentive Per Unit
Commercial Freezer	\$100 - \$300
Commercial Refrigerator	\$100 - \$200
Combination Oven	\$1,500 - \$3,000
Commercial Electric Fryer	\$600 - 1,000
Convection Oven	\$275 - \$500
Dishwasher	\$200 - \$2,000
Electric Griddle	\$200 per linear foot
Hot Food Holding Cabinet	\$200 - \$800
Ice Machine	\$100 - \$500
Low-Flow Spray Nozzle – Must have electric water heating	\$50
Steam Cooker	\$1,000
Kitchen Demand Ventilation Control	Incentive Per Horsepower
Demand Controlled Ventilation (DCV)	\$700

Custom Project Support

Projects are evaluated on a case-by-case basis and must be pre-approved by Hawai'i Energy before equipment purchase. Incentive cannot exceed 50% of incremental project cost.

Customized Projects	Incentive
Custom Projects with equipment life ≤ 5 years	\$0.08 per kWh saved + \$125 per kW saved between 5 to 9pm
Custom Projects with equipment life > 5 years	\$0.12 per kWh saved + \$125 per kW saved between 5 to 9pm

Grid Services

Power Move - Commercial Energy Storage on O'ahu and Maui	Incentive Per Kilowatt-Hour	
Energy Storage discharged between 5:00 to 6:00 p.m. and/or between 8:30 to 9:00 p.m.	\$125	
Energy Storage discharged between 6:00 to 8:30 p.m.	Tied to a solar PV system	\$250
	Not tied to a solar PV system	\$150

Smart Devices for Small- to Medium-Sized Businesses	Incentive Per Site
Smart HVAC or refrigeration controls package installation through a participating Clean Energy Ally	50% of installed cost up to \$5,000

HVAC

System size is taken as the AHRI rated system capacity, not the nominal system capacity.

Hotel Room Energy Management System (EMS)	Incentive Per Unit Controlled
Hotel Guest Room EMS – Must be demand-response capable	\$200
Variable Frequency Drives (VFDs)	Incentive Per Horsepower
VFDs for HVAC fans	\$50
VFDs for chiller and condenser water pumps	\$80
Inverter Variable Refrigerant Flow (IVRF) Air Conditioner	Incentive Per Ton
IVRF multi-split heat pump/AC	\$250
Package, Split System, and Window ACs	Incentive Per Ton
Air-cooled package/split AC	\$100 – \$175
Water-cooled package/split AC	\$100
Water-source heat pump	\$100
Variable speed compressor (inverter) window AC for commercial applications	\$75
Air and Water-Cooled Chillers	Incentive Per Ton
Positive Displacement, centrifugal, or air-cooled with condenser chiller	\$45

Industrial & Special Equipment

Transformers	Incentive
New transformer	\$0.12 per kWh saved + \$125 per kW saved between 5 to 9pm

Lighting

Lamps must be LED and currently listed on the ENERGY STAR or Design Lights Consortium Qualified Products List.

LED: Linear T12 T8 Replacement		
Lamp Length	Type	Incentive Per Lamp
2 ft.	A or B	\$3.00
	C	\$5.00
3 ft. or 4 ft.	A or B	\$4.00
	C	\$8.00
8 ft.	A or B	\$7.00
	C	\$14.00
LED: Linear T5 T5 High Output (HO) Replacement		
Lamp Length	Type	Incentive Per Lamp
4 ft. T5	A or B	\$4.00
	C	\$8.00
4 ft. T5 HO	A or B	\$5.00
	C	\$10.00

LED: U-Bend		
Lamp Technology	Type	Incentive Per Lamp
2 ft. LED Retrofit – Replaces 4 ft. U-Bend Replacement system must have anodized aluminum reflectors.	A or B	\$10.00
	C	\$15.00
4 ft. U-Bend LED	A or B	\$4.00
	C	\$8.00
LED: Troffer		
Fixture Size	Incentive Per Fixture	
	DLC Category: Indoor Luminaires/Indoor Retrofit Kit Ambient Lighting/Integrated Retrofit Kits	DLC Category: Indoor Retrofit Kit Linear Retrofit Kits
2 ft. x 2 ft.	\$16.00	\$8.00
1 ft. x 4 ft. – 2-Lamp Replacement Fixture	\$16.00	\$11.00
2 ft. x 4 ft.	\$40.00	\$16.00
LED: Omni-Directional & Directional		
Lamp Type	Incentive Per Lamp	
A-series (ex: A19) / globe / decorative with screw/GU base	\$1.50	
Replacement for plug-in CFL, 2 or 4-pin base (ex: PL) Includes certain ENERGY STAR® retrofit kit engines—contact Hawai'i Energy for pre-approval	\$4.00	
Directional (ex: MR16, PAR/BR/R 20/30/38/40) - screw/pin base	\$5.00	
LED: Downlight (Recessed)		
Replacement Type	Incentive Per Lamp	
Retrofit – for 20 or more fixtures	\$8.00	
Replace on burnout – for less than 20 fixtures	\$4.00	
LED: Corn Cob (HID Replacement)		
Replacement lamps must be Type B or Type C. Ballast must be removed. E26 medium base lamps can qualify for prescriptive incentive if product meets DLC 4.3 technical requirements.		
LED Lamp Wattage	Incentive Per Lamp	
Less than 35W	\$20.00	
36W to 149.9W	\$25.00	
150W to 219.9W	\$35.00	
Greater than 220W	\$45.00	
LED: Exit Sign		
New LED Fixture	\$15.00 per sign	
LED: Refrigerated Case Lighting		
Lamp Length	Incentive Per Lamp	
4 ft. Retrofit Kit	\$25.00	
5 ft. or 6 ft. Retrofit Kit	\$50.00	
Fluorescent: Delamping		
Reflectors must have a minimum reflective efficiency of 90%. Process must include removal of disconnected ballasts, lamps, and lamp holders (tombstones) from fixture.		
Length of Lamps Removed	Incentive Per Lamp	
	With Reflectors	Without Reflectors
2 ft.	\$5.00	\$2.50
3 ft.	\$7.50	\$3.75
4 ft.	\$10.00	\$5.00
8 ft.	\$15.00	\$7.50
Controls: Occupancy Sensor (Automatic Lighting Controls)		
All Types (e.g. infrared, ultrasonic)	\$10.00 per sensor	

Metering & Monitoring

Pre-approval required. Projects are subject meet other Program requirements.

Submetering	Incentive Per Unit
Condominium or Commercial Submetering	\$150

Pumps & Motors

Pre-approval required. Existing equipment must not have VFD. Electrically commutated motors must be coupled with integrated controllers. Premium efficiency motors must meet minimum efficiency requirements listed on the worksheet.

Motors	Incentive Per Motor
Electronically Commutated Motors (ECM) on Fan Coil Units	\$55
Electronically Commutated Motors (ECM) in Commercial Refrigeration	\$85
Premium Efficiency Motors	\$15 to \$1,200 – see worksheet
Pumps	Incentive
VFD for Pool Pump	\$225 per horsepower
Domestic Water Pump/Booster Pump	\$80 per horsepower reduced
Domestic Water Pump/Booster Pump System with VFDs	\$3,000 + \$80 per horsepower reduced

Refrigeration

Electronically Commutated Motors (ECM) for Refrigeration	Incentive Per Motor
Retrofit from shaded pole motors to ECM	\$85
High Efficiency Condensing Units	Incentive
Retrofit from shaded pole motors in existing refrigerated cases up to 1 HP	\$0.12 per kWh saved + \$125 per kW saved between 5 to 9pm
High Efficiency Evaporators	Incentive
High Efficiency Evaporator with ECM and Integrated Motor Controls	\$150 per fan, up to \$1,500 per unit
High Efficiency Evaporator with ECM, Integrated Motor Controls, Defrost Optimization, and Electronic Expansion Valve (EEV)	\$250 per fan, up to \$1,500 per unit
Evaporator Fan Motor Controls	Incentive
Evaporator Motor Controls on existing walk-in cooler/freezer	\$30
Floating Head Pressure Controls	Incentive Per Controller
Floating Head Pressure Controls on existing equipment	\$300
Refrigerated Case Anti-Sweat Heater (ASH) Controls	Incentive Per Linear Foot
ASH Controls on refrigerators/freezers manufactured prior to January 1, 2009	\$40
Refrigerated Case Night Covers	Incentive Per Linear Foot
Night Cover	\$10
Refrigerated Case Lighting	Incentive Per Lamp
4 ft. Retrofit Kit	\$25
5 ft. or 6 ft. Retrofit Kit	\$50
Refrigerated Case Doors	Incentive Per Linear Foot
Adding doors to existing, open low- or medium-temperature cases	\$200

Water Heating

Water Heater	Incentive
Heat pump water heater	\$0.12 per kWh saved + \$125 per kW saved between 5 to 9pm
Solar water heater with input rating ≤ 12 kW	\$1,000 per unit
Solar water heat with input rating > 12 kW	\$0.12 per kWh saved + \$125 per kW saved between 5 to 9pm
