

Energy Efficiency Auction Fact Sheet

OVERVIEW

The Hawaii Energy Efficiency Auction seeks energy efficiency solution providers (including contractors, energy vendors, property managers and developers) to submit their best and most creative energy efficiency projects for Hawaii Energy incentives.

Applicants can submit for residential and commercial projects. Residential projects must generate at least \$10,000 in incentives and commercial projects must generate at least \$50,000 in incentives.

PROJECT ELIGIBILITY

Eligible projects will deliver one or more of the following results:

- **Improved Cost-Effectiveness:** Projects more cost-effective than existing Hawaii Energy offers (in first-year and lifetime energy savings)
- **Increased Penetration of Market Segments:** Projects that address needs in high energy consumption and/or hard-to-reach areas
- **Mass Installations:** Projects that results in the mass installation of energy-efficient technologies
- **New and Innovative:** Innovative projects that are not currently being incentivized by Hawaii Energy.

Projects must:

- Serve residential or commercial electric utility ratepayers on Hawaii Island, Lanai, Maui, Molokai and/or Oahu
- Use utility metered data to ensure savings performance (Hawaii Energy may also require submetering)

Preference will be given to projects that can be completed by 5/30/2015; however, projects with completion dates that fall in Program Year 2015 (7/1/2015 – 6/30/2016) will be considered on a case-by-case basis.

HOW TO APPLY

- 1) To apply, you must submit an Application, an Estimated Energy Savings Worksheet and a Project Proposal. **The application and all supplementary documents must be received by 9/29/2014 at 4 p.m. HST.**
- 2) If your project is selected, you will be notified by Hawaii Energy by 10/17/2014.
- 3) Once the project is completed, your incentive payment will be issued upon satisfactory inspection*.

**For projects with a total cost of under \$25,000, the incentives will be paid upon project completion. For projects with a total cost of \$25,000 or more, the incentives may be paid in progress payments based on Hawaii Energy terms and conditions.*
