

THE ASSOCIATION OF ENERGY ENGINEERS

CERTIFIED ENERGY MANAGER® TRAINING

JANUARY 23-26, 2023

This multi-day intensive seminar provides in-depth training on the latest practices, strategies, and theories of energy management in preparation for the ANSI accredited Certified Energy Manager (CEM) exam. This will be a virtual and in-person offering with the exam for the in-person course on January 27th.

TRAINING HIGHLIGHTS

- Learn how to optimize energy use and costs within non-residential buildings.
- Understand how energy is purchased & used in various systems (HVAC, Lighting, Motors, Boilers, etc.).
- Learn how to optimize systems to reduce costs, improve profits, & increase occupant satisfaction.

SHOULD I ATTEND?

The training is ideal for engineers, building operators, facility managers, or any energy service professional in a related field with at least one year of experience.

COST

With Hawai'i Energy's subsidy, the entire training program is just \$595 (normally \$2,395) for those living & working in Hawai'i, Maui, & Honolulu counties. Examination fee is included.

QUESTIONS?

Contact Karen Shishido at shishidok@leidos.com. Applications are due January 3, 2022.
