RESIDENTIAL AC TUNE-UP

\$75 INSTANT REBATE APPLICATION

EFFECTIVE JULY 1, 2021 THROUGH JUNE 30, 2022 OR WHILE FUNDING LASTS.

Hawai'i Energy Terms and Conditions

- 1) **Rebates:** Subject to these Terms and Conditions, Hawai'i Energy ("the Program") will pay rebates for the maintenance service ("Tune-up") of qualifying residential central air and split air conditioning systems.
- 2) **Eligibility:**
 - a) An "Applicant" is a residential rate scheduled account holder of an electric utility on the islands of Hawai'i, Lāna'i, Maui, Moloka'i, and O'ahu that contribute to the Public Benefits Fund where the electricity-saving energy efficiency measure has been installed. Rebates are awarded only to an eligible Account Holder via a participating contractor invoice. Rebate will be paid directly to contractor who will apply the rebate amount to Applicant invoice.
 - b) Applicants are ultimately responsible for the compliance of these Terms and Conditions.
 - c) "Qualifying Equipment and Services" are those electricity-saving items that are identified in the Program applications and associated materials. The Tune-up is limited to central and split air conditioners for residential customers. Window air conditioners are not eligible for this rebate.
 - d) A residential air conditioning Tune-up rebate is given when maintenance is provided by a Hawai'i Energy Clean Energy Ally contractor.
 - e) Applicants are eligible for one AC Tune-up per condenser per year or two per location if there is more than one condenser.
 - f) Application must be submitted by the contractor within thirty (30) days of service accompanied by an invoice.
 - g) Applications for newly constructed homes do not qualify.
 - h) Applications for newly purchased homes qualify.
 - i) Eligible if a tune up has not been performed on system for 1 year or more.
 - j) Applicant is opted in for the residential newsletters and can opt out at any time.
- 3) **Installation/Maintenance Verification and Data Collection:**
 - a) The Program may conduct an inspection to verify pre-installation/maintenance conditions or confirm installation/maintenance prior to rebate payment, at any time after receipt of applications and up to five (5) years after payment of rebates.
 - b) The Program may inspect installation/maintenance to ensure compliance to the Program's Standards & Specifications. Applicants may request an inspection.
 - c) The Applicant must provide reasonable access to the facility, the equipment, and related documentation and data.
 - d) The Program may install metering devices on equipment for Program data collection, measurement and verification purposes.
- 4) **Compliance:**

The Applicant is responsible for abiding to all applicable laws, rules, and regulations, and for complying with all federal, state and local codes.
- 5) **Program Availability:**

Payment of rebates is not guaranteed and is subject to the availability of funds. Program availability, Program terms, and equipment eligibility may change without notice at any time at the discretion of the Program. Please see hawaiienergy.com for program updates.
- 6) **Publicity:**

The Program reserves the right to publicize Applicant's participation in the Program for promotional purposes unless the Applicant submits a written request to the Program.
- 7) **Disclaimers:**
 - a) The Program is not responsible for any tax liability imposed on the Applicant as a result of the payment of any rebate.
 - b) The Program is not responsible for obtaining any missing information, signatures, invoices or going to the installation site or contacting the Applicant to inform Applicant of incomplete or missing documentation.
 - c) The Program does not expressly or implicitly warrant the performance of installed equipment, the quality of any contractor's work, or that the EEM will result in any energy or cost savings.
 - d) The Program is not responsible for the proper disposal or recycling of any waste generated as a result of this project.
 - e) The Program does not endorse any particular market provider, trade ally, manufacturer, product, laborer or system design by offering this Program.
 - f) **The Program does not guarantee that funding will be available for payment of rebates** until this application has been verified and approved by Hawai'i Energy. Submission of the application does not warrant payment under any circumstances should the application not be approved or funding is not available.
- 8) **Indemnification and Limits of Liability:**
 - a) Applicant will indemnify, defend, and hold harmless the Program and its administrator Leidos, Inc, and the Program's and State of Hawai'i's agents, contractors, employees, officers and directors from any and all liability, claims, loss, damage, death or injury including reasonable attorneys' fees and costs, arising out of or relating to the field or site inspection, installation, use and maintenance of the equipment, designs, practices or methods involved in the Applicant's project.
 - b) In no event shall either the Program, or any other indemnified party be liable for any punitive, exemplary, special, indirect, incidental or consequential damages (including, but not limited to, lost profits, lost business opportunities, loss of use or equipment down time, and loss of or corruption to data) arising out of or relating to this agreement, regardless of the legal theory under which such damages are sought.
- 9) **Entire Agreement:**

The entire agreement between the Applicant and the Program is composed of an approved, fully-executed application, these Terms and Conditions, and, as applicable, attachments to the application and/or worksheet, pre- installation approval letters, invoices, receipts and any and all such other documentation as required by the Program.
