

OTHER WAYS TO SAVE WITH ENERGY STAR®

Look for the ENERGY STAR logo for products with the most energy savings. They are at least 10% more efficient than conventional models and last longer!

Refrigerator Trade-Up \$150 REBATE

Did you know old fridges could use twice as much energy as a new ENERGY STAR model? Trade in your old working fridge and we'll give you a rebate toward a new qualifying ENERGY STAR model. Plus, earn a \$75 cash reward for recycling a second old fridge or freezer through our Rid-A-Fridge recycling program.*

Pool Pump \$125 REBATE

Upgrading to an ENERGY STAR-certified variable frequency drive (VFD) pool pump can reduce your pool's energy use by up to 75%. That's a savings of up to \$125 a year! With a \$125 rebate from us, that's \$250 back in your pocket this year alone.

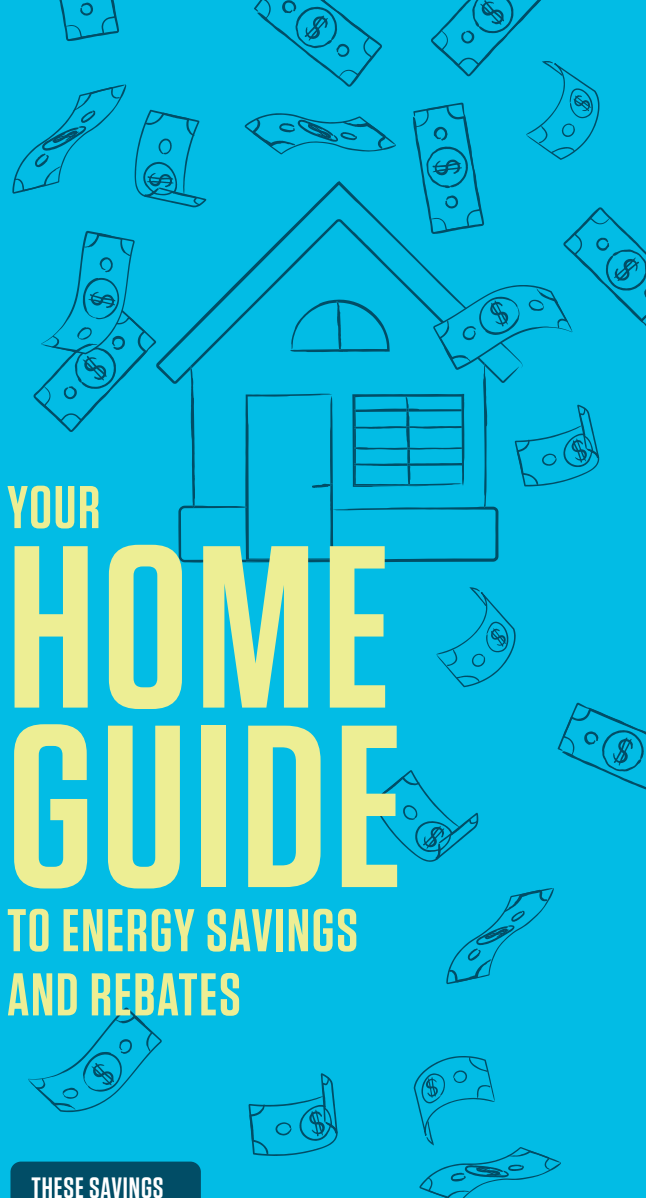

LED Light Bulbs INSTANT REBATES

Not all LED bulbs are created equal: ENERGY STAR-certified bulbs last longer and save you up to 90% on lighting energy costs. For the latest lighting promotions, sign up for our e-newsletter at HawaiiEnergy.com/NEWSLETTER.

*Refrigerator Trade-Up and Rid-A-Fridge rebates cannot be combined.

Hawai'i Energy's mission is to empower island families and businesses to make smart energy choices that reduce energy consumption, save money and pursue a 100% clean energy future.

YOUR HOME'S BIGGEST ENERGY COSTS ARE FROM WATER HEATING AND COOLING

Find out which energy-efficient options are right for your home along with the many rebates and offers available now.

WATER HEATING OPTIONS Switching to a more efficient water heater can save you up to 40% on your electric bill. That's a lot of spam musubis! Learn more about efficient water heating at HawaiiEnergy.com/WATER-HEATING.

Heat Pump Water Heaters \$300 INSTANT REBATE

Heat pump water heaters are twice as efficient as conventional electric models. They use the heat from the surrounding air to heat your water. Get a rebate toward a qualifying ENERGY STAR® heat pump plus federal tax credits. Rebate does not require a participating contractor.

Solar Water Heater \$750 INSTANT REBATE

Solar water heaters are the greenest, most efficient option and can provide savings for decades to come. Get an instant rebate towards a new system plus state and federal tax credits. **Already have solar?** Get a \$100 instant rebate toward the tune-up every 5 years.

COOLING OPTIONS Hawai'i summers are no joke and AC usage can be as much as half of your monthly electricity consumption! Find out more about efficiently cooling your home at HawaiiEnergy.com/COOLING.

Central AC Retrofit \$750 INSTANT REBATE

Have an older central air conditioner? Upgrading to a newer model can reduce energy usage by 30-50%.

Mini-Split AC UP TO \$250 INSTANT REBATE

Mini-Split air conditioners are a great cooling solution for multiple rooms in your home. Since each room has its own controls, you can cool only the space you need.

AC Tune-Up \$75 INSTANT REBATE

Maintenance can extend the life of your central or split AC system for an average of 5 years. Pro tip: schedule for the fall/winter to avoid the summer rush.

Window AC Trade-Up \$50 REBATE

Window AC on its last legs? Trade it in for a new qualified ENERGY STAR model and you'll receive a rebate towards the purchase. Plus, ENERGY STAR AC units use up to 15% less energy than conventional models.

Whole House Fan \$75 REBATE

Whole house fans draw cool air in and push hot air out to cool your home. They use up to 90% less energy than central air conditioners.

Solar Attic Fan \$50 REBATE

A solar attic fan is similar to a whole house fan except it's powered by the sun. It can also cool your roof and reduce the load on your air conditioning system, saving energy.

NEED HELP FINDING A PARTICIPATING CONTRACTOR? VISIT HAWAIIENERGY.COM/FIND-A-CONTRACTOR

Rebates are available while funding lasts and are subject to change. Eligibility differs by program and offer. Instant rebates require a participating contractor to perform the service.
