

THE ASSOCIATION OF ENERGY ENGINEERS

CERTIFIED ENERGY MANAGER® TRAINING

JUNE 24-27, 2024

This multi-day intensive seminar provides in-depth training on the latest practices, strategies, and theories of energy management in preparation for the ANSI accredited Certified Energy Manager (CEM) exam. This will be an in-person offering with the exam on June 28th.

TRAINING HIGHLIGHTS

- Learn how to optimize energy use and costs within non-residential buildings
- Understand how energy is purchased & used in various systems including HVAC, Lighting, Motors, Boilers, etc.
- Learn how to optimize systems to reduce costs, improve profits, & increase occupant satisfaction

SHOULD I ATTEND?

The training is ideal for engineers, building operators, facility managers, or any energy service professional in a related field with at least one year of experience.

COST

With Hawai'i Energy's subsidy, the entire training program is just \$595 (normally \$2,395) for those living & working in Hawai'i, Maui, & Honolulu counties. Examination fee is included.

QUESTIONS?

Contact Karen Shishido at shishidok@leidos.com. Applications are due June 5, 2024
