

Clean Energy Ally (CEA) Program

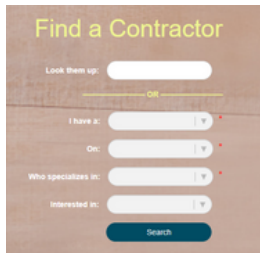

Clean Energy Allies are a vital piece of helping residential and commercial customers implement energy efficiency projects across Hawai'i, Honolulu and Maui counties. The Ally network is comprised of dedicated contractors, architects, engineers, equipment manufacturers and retailers who are committed to educating island families and businesses about the benefit of energy efficiency, and how Hawai'i Energy's rebates and services can aid them.

Join this incredible network and learn how you and your customers can benefit!

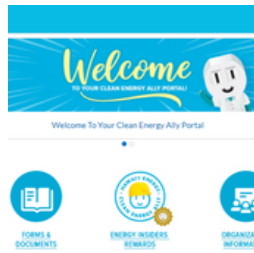

Since program inception, our CEAs have helped businesses & residents save **337 million kWh** and **\$103 million** in electricity costs

Benefits of becoming a Clean Energy Ally:

Your business listed on the Hawai'i Energy online vendor directory,

Exclusive access to the CEA portal and the monthly CEA newsletter

Technical assistance on your projects from our team of energy advisors

Co-op advertising and event funding to supplement your advertising budget and expand your reach

Rewards earned through the Energy Insider Rewards* program

*The Energy Insiders Rewards program recognizes and rewards Clean Energy Allies who frequently participate in the Hawai'i Energy program.
