

YOUR 2ND FRIDGE IS COSTING YOU!

IF YOUR REFRIGERATOR IS 15 YEARS OLD
OR OLDER IT USES **3X** MORE ENERGY THAN A
NEW ENERGY STAR MODEL

ABOUT **26%** OF AMERICANS HAVE A SECOND
FRIDGE IN THEIR HOME OR
THEIR GARAGE

KEEPING THAT 2ND FRIDGE
WASTES OVER 670 KWH PER YEAR
THAT'S ENOUGH ENERGY
TO MAKE **65**
PIECES OF TOAST A DAY

GETTING RID OF YOUR
2ND FRIDGE SAVES
\$200 ANNUALLY
WHICH IS LIKE BUYING
47 1/2 GAL. OF POG
170 MUSUBIS
186 MANAPUA
71 CUPS OF COFFEE

IF JUST . . .
5% OF HOUSEHOLDS ON
OAHU GOT RID OF A
2ND FRIDGE OR A
SIMILAR APPLIANCE
IT WOULD BE LIKE TAKING
2,800 GASOLINE-POWERED CARS
OFF OF THE ROAD
